PRIDAY MORNING, NOV. 17.

WHY can we not have a Board of Trade in this city? This question has been a good deal canvassed by several parties within a f.w days past. As things stand, the large and increasing business of this city is done without the policy he seems to have no reserve as to the policy he conceives to

MISPLACED EXTRAVAGANCE.—The New York Post ridicules the an nt that "bridal chambers," ther like extravagances, such as me of the Northern rallroad cars. It

"Bridal chembers are disgusting enough in hotels and steamboats, where they have long since been condemned by public opinion, even the least refined; but "bridal chambers" in a railroad car would be too shocking to be tolerated still. The first load of decent passengers would cast their tawdry finery out of the windows. The ambition of railroad managers should be turned, not to an increase of frippery in the ornamentation of ears, but of safety in their conduct. If money is to be spent, let it be spent, not in fantastic decorations, but in substantial improvements. Does it not seem a mockery, when we have over a hundred frightful slaughters by rail each year, to be told that the cars are to be frescoed and gilded and carpeted? Or are the managers mad, caring nothing for life or limb, and only eager to make a display? Or, do they make so much money, in spite of the large sums ever and anon paid for "damages" that they can afford to throw it away in this silly estentation, in which bad taste and ill-breef-

of the day is done. A gentle falling of the conceptions comes alowly creeping over us; the spirit of conscionances dis-engages itself more and more, with alow and hushing degrees, like a fond mother detaching her hand from her sleeping child; the mind seems to have a balmy lid closing over it, like the eye, closing, more closed, closed altogether, and the mysterious spirit of sleep has gone to take its airy rounds."
